Commit to Read the Bible in 2018

During the coming year, we will be encouraging everyone to read through the Bible following one or more of three Bible reading schedules.

If you have never read the New Testament all the way through, we strongly urge you to follow the New Testament reading schedule.

If you would like to read the entire Bible in one year, or have already read the New Testament and would like to read the Old Testament, there will be two Old Testament schedules. One will go through the Law, History and Prophetic books. The other will go through the Wisdom Literature or Poetic books. You may want to just use one of these schedules or both.

Each schedule will be printed each week in the bulletin and Pastor will try to preach from one of the schedules during one of the services each week.

There are two powerful tools available to help you get more out of your daily reading. One is a book that some church members have purchased and used in the past that brings out a devotional thought from each day's New Testament reading. The name of this book is *Daily Light*.

The other book is entitled *Morning Light*, as it brings out devotional thoughts from the "morning" old testament reading (the schedule that goes through the Law, History and Prophets).

If you would like either or both of these books, please sign up on the back table. The prices are listed on the form.
